

By Union Micronclean

**Let us take care
of your contamination risks,
so you can focus on your products.**

Our well-skilled and enthusiastic team puts in a daily effort to meet the changing demands and specifications of our customers.

A reliable partnership with both suppliers and customers enables us to ensure that all delivered goods meet the most critical standards and norms.

Years of gathering validation data with our pharmaceutical customers has given us a profound knowledge of the challenging requirements of the cleanroom environment.
